## Learning to Fly at New National Academy---Institution to Instruct Military and Civilian Aeronauts---What Is Taught

JOHN ELFRETH WATKINS

Tashington D. C., January 12, 1911, How do you learn to fly? The flying masters of our new Na-onal Aviation School have been tell-ing me all about it.

g me all about it.
Fifteen to twenty lessons and you
e a birdman in full feather. Fifen to twenty lessons at \$25 per and
un can ad "aviator" to your name.
its means \$375 to \$500 for the course,

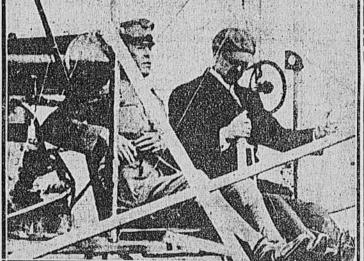

lepending upon your aptitude and our nerve.

Our nerve.

It is a much more pleasurable process than being broken in to ballooning, for no discomiture akin to "balloon slekness" is ever experienced by the aviator who is trying his wings. And this is because your biplane or monoplane never revolves or rolls, whereas your gasbag is forever undulating, oscillating, pulsating. But ballooning is quite too out of due for serious discussion, my flying masters tell me, with disdainful shrug of

ing.
Your second flight takes you up fifty Six flights you make with actuating

viation, not only because the

than that of curing RHEUMATISM with S. S. S. Forty years is a long time, and when a remedy consistently performs any work for such a lengthy period there can be no doubt about its value. This is the record of S. S. S. in the treatment of Rheumatism. For nearly a hulf century it has been curing sufferers of this disease, and has more living witnesses as to its curative virtues than any other remedy. Each day's mail brings letters from men and women who have been afflicted with this trouble, telling us that S. S. S. has cured them, and they are once more free from its aches and pains.

Rheumatism is a blood disease, due to an excess of uric acid in the circulation. Its primary cause results from weak kidneys, constipation, indigestion, etc. In other words the eliminative members do not carry off all the urea and refuse matters of the body, and these impurities being left in the system soon sour and ferment, causing uric acid, which passes from the stomach and intestines into the blood.

When the uric acid gets into the circulation it causes a partial fermentation of the blood, which changes it from a thick, rich fluid to a thin, acrid stream, whose nourishing properties are greatly impaired. Through the circulation the uric acid is carried to every muscle, joint and nerve of the body, and then the pains and aches of Rheumatism commence. The longer the blood is allowed to remain in this acrid,

commence. The longer the blood is allowed to remain in this acrid, weakened condition the more

severe will the disease become; gradually the muscles harden and lose their elasticity, the joints begin to stiffen, and fre-quently calculous deposits col-lect and form lumps and knots

at the finger joints.

The pains of Rheumatism can sometimes be temporarily relieved by the application of plasters, liniments, hot cloths, etc., but such treatment can have no possible curative effect on the disease because it does not reach the blood where the

real trouble is being harbored.

There is just one way to CURE Rheumatism, and that is

to cleanse the blood of the uric acid poison. S. S. S. goes

down into the blood, and attacks the disease at its head, and by removing every particle of the cause and PURIFYING the circulation cures Rheumatism permanently. S. S. S. climinates the uric acid because it is the greatest of all blood purifiers. It filters out every trace of the sour, inflammatory matter, cools the acid-heated blood, furnishes the material for multiplying the rich nutritious corouscles of the circulation. material for multiplying the rich, nutritious corpuscles of the circulation, and by its fine tonic effects assists the system in rapidly overcoming every effect of the disease. S. S. S. contains no minerals but is made entirely of botanical roots, herbs and barks. It may be taken, therefore, by any one without fear of the bad effects that so often follow the use of medicines containing mineral salts. It has cured thousands of
